

Young Investors Challenge

A free global investment competition for teenagers, established in Canada in 2020.

yic.ca

January 2025 Edition

About Us

We are a not-for-profit organization that promotes financial literacy in hopes of building a brighter future for the next generations.

Our Vision

Allow teenagers to gain stock market and investment experience without any monetary risk!

Audience

Our audience consists of primary, secondary and college level students under the age of 21 years old.

End Goal

Build a strong reputation in schools across North America and become a trusted platform for financial education.

The Challenge

A 10-week global investment competition for teenagers with \$10,000 in cash prizes that starts in January of 2025

Practice

Participants can practice investing risk-free and test various investment strategies and techniques on our simplistic & easy-to-use mobile app

Learn

Participants can learn about personal finance, business and investing on our complimentary [First Step Academy](#), which consists of 34 educational videos that we filmed in English and French.

Have Fun!

Competing against friends or the whole world for big prizes, we want participants to have fun!
